					the eastern part. The map point is the city center.
Tibet	Chamdo	Jiangda 江达	67 #		Song Dazhao; CatSG database

* Locations are based on the geographic center of the county, from which distribution was confirmed, except for 1, 19, 20, 21, 23, 26, 34, 35, 63, 66, where locations are marked according to the actual or most likely presence.

⌘ Locality of the type specimens or the early records (Edwards 1892; Buchner 1892; Matschie 1908; Jacobi 1923; Lonnberg 1925)

Reliable source, though without recently confirmed record, likely due to lack of survey.
